Information on rescheduling surgery:

Your doctor has recommended that you have a surgical procedure. Scheduling this procedure is a multi-step process involving not only our office, but also the hospital, your insurance company and your primary care physician. The whole process is very time consuming, and we ask that you keep this in mind when you originally schedule your procedure. Please check your calendar carefully to assure that the date we have arranged for your procedure works with your schedule.

If it does become necessary for you to cancel or reschedule your procedure, it is imperative that you call immediately so that we can try to fill that space with another surgical procedure. It will take approximately 4-6 weeks to reschedule your procedure.

There will be a charge of \$50.00 for procedures cancelled with less than 4 weeks notice.

If you have any questions regarding this process, please contact the office at 410-823-1120.

Sincerely,

Dianne
Surgical Coordinator
